Call our office or visit our website or facebook for future dates and events

This is a great way to:

- Learn more about the issues that plague our neighborhoods
- Build unity with our families, loved ones, and communities
- Get information about local, state and national legislation that affects the recovery community.

Let us help you navigate systems for services such as: resources, referrals, how to assist yourself or loved ones, provide trainings on recovery and addiction, and also to become advocates and volunteers.

The day is here when recovery from addiction is not viewed as a curse...
